We combine innovation with quality.

Premium memory foam solutions for
comfort, customization, and reliable supply.

2026

Where comfort meets intelligent design

Foamix Egypt is a growing brand focused on innovation in foam products, combining technical expertise, practical experience, and a commitment to customer satisfaction.

**Built on trust,
quality, and
performance.**

Who We Are

A focused foam products brand designing comfort solutions that stand out in both comfort and longevity.

What We Do

Custom foam manufacturing, mattresses and comfort products, industrial foam solutions, and specialized foam applications.

Every product is designed with attention to detail, ensuring the right balance between support, softness, and durability.

Foam solutions designed around real customer needs

A concise view of FOAMIX capabilities and value proposition.

FOAMIX Egypt focuses on memory foam innovation, ergonomic precision, customization, and reliable supply. The company serves customers who require comfort products and tailored foam-based solutions with consistent quality.

Quality + Fit

Core promise

Brand positioning

Premium foam solutions designed for comfort, customization, and reliable supply.

Customer value

Improved comfort, dependable materials, tailored sizing, and practical solutions for everyday living.

Business value

Reliable sourcing for hotels, retailers, businesses, and special foam applications.

Flexible. Precise. Consistent.

FOAMIX believes every customer has unique needs, so its operating model centers on customization, quality, and dependable execution.

Mission

To deliver reliable, high-quality foam products that enhance comfort and meet evolving customer needs through innovation and customization.

Vision

To become a leading name in memory foam products manufacturing in Egypt and the region, recognized for quality, flexibility, and customer-focused solutions.

01

Quality

Consistent product standards and durable materials.

02

Flexibility

Custom manufacturing based on client requirements.

03

Precision

Attention to details, fit, support, and functionality.

04

Customer Focus

Solutions designed around real comfort needs.

Premium foam solutions for comfort, customization, and supply

FOAMIX services are structured around three core business lines.

01

Memory Foam Products

High-quality mattresses, pillows, and comfort accessories crafted with advanced foam technology for superior support and relaxation.

02

Custom Manufacturing

Design and production of memory foam products tailored to exact requirements, ensuring comfort, size, and functionality.

03

Bulk & Wholesale Supply

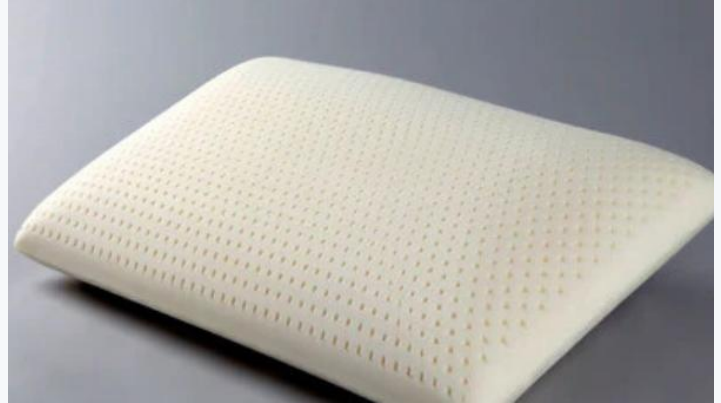

Reliable supply solutions for businesses, hotels, and retailers with consistent quality and competitive pricing.

Not just products. Tailored solutions.

Design and manufacturing based on exact specifications to ensure the perfect fit every time.

Products built for support, softness, and durability

A portfolio centered on memory foam products, comfort products, and specialized foam applications.

Mattresses & Comfort Products

Balanced support and lasting comfort for everyday use.

Pillows

Ergonomic designs to support deeper, more restorative rest.

Comfort Accessories

Foam-based products shaped around daily convenience.

Industrial Foam Solutions

Application-focused foam solutions for operational needs.

Specialized Foam Applications

Custom-built products for specific dimensions and functions.

Designed with attention to detail to ensure the right balance between support, softness, and durability.

Not Just Products, Tailored Solutions

FOAMIX goes beyond standard products by designing and manufacturing memory foam solutions based on specific needs, ensuring comfort, fit, and performance for every request.

01

Requirement Capture

Understanding the exact need, dimensions, usage, and comfort expectations.

02

Design Fit

Selecting the product form, support level, and foam configuration.

03

Manufacturing Precision

Producing according to agreed specifications with quality controls.

04

Performance Review

Ensuring the final solution is practical, comfortable, and reliable.

Tailored comfort, made for you.

Designed for everyday comfort and business-scale needs

FOAMIX products can support home, retail, hospitality, business, and specialized applications.

Home Sleep Comfort

Pillows, mattresses, and accessories for daily use.

Hotels & Hospitality

Reliable comfort supply for guest experience.

Retailers

Bulk supply of sellable comfort products.

Businesses

Practical foam-based supply solutions.

Industrial Use

Foam applications shaped around operational requirements.

Special Builds

Custom size, shape, and functionality requests.

Use cases are adapted based on client requirements and available product specifications.

A practical process from request to follow-up

An execution model built for clarity, quality, and customer-fit solutions.

01 Receive Request Capture product need, quantity, dimensions, and use case.

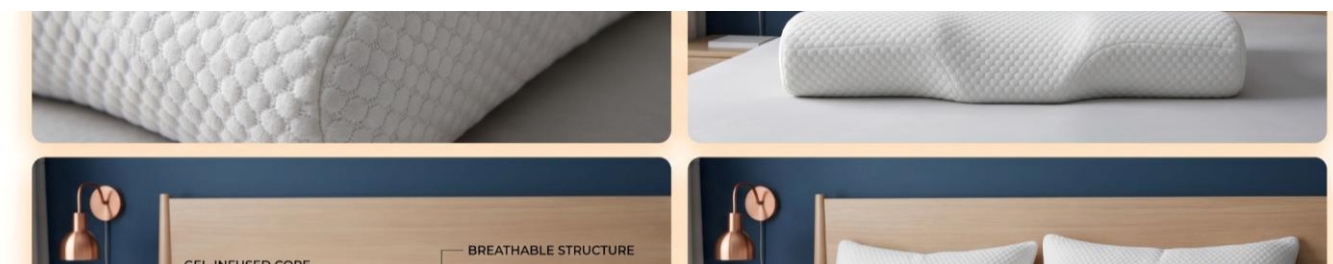

02 Study the Need Evaluate comfort, support, material, and fit requirements.

03 Propose Solution Recommend product type, specification, and supply approach.

04 Prepare / Produce Execute manufacturing or supply with attention to detail.

05 Deliver Provide the final product with consistent quality.

06 After-Sales Support Continue communication and support customer satisfaction.

Quality you can feel in every detail

FOAMIX positions quality as a practical discipline across materials, design, production, and supply consistency.

No unsupported certifications are claimed in this portfolio. Quality messaging is limited to the company information provided.

This keeps the profile credible, presentation-ready, and aligned with official data.

01

Strict quality standards

Products are designed to meet practical comfort and longevity expectations.

02

Advanced foam technology

Durable materials support long-lasting performance and reliability.

03

Attention to detail

Each product balances support, softness, fit, and durability.

04

Cost efficiency

Technical expertise is combined with practical experience to maintain value.
